

11

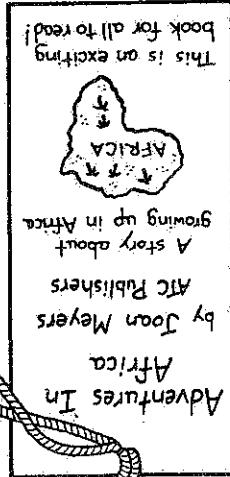

Once you have completed your bookmark, you may want to laminate it with plastic. Your teacher may be able to do this, or you may take two pieces of colorful yarn through it, knotting the ends into a tassel. Consider punching a hole in the top of your bookmark and threading your bookmark to a copy shop for lamination.

- People should read this book
- a quote by you, explaining why
- a picture of the book's cover
- a brief description of the book
- Price
- Publisher
- Author
- title of the book

Information on your bookmark:

These days, book publishers often create bookmarks to help promote a particular book. You can design a bookmark for your favorite book. You'll need a strip of heavy paper (4" x 8"). Include the following:
